THE CORNER KICK

Concord FC Newsletter

Message from the Director of Travel

In this issue:

- Message from the Director
- Coach Spotlight
- Excerpt from new Concord FC Handbook

In an effort to improve communication, Concord FC will be sending out a newsletter. They will be frequent at first to get information out then taper off to quarterly or as needed. I will use the NCSA email blast but the reply address will be mine. Please reply to me with any questions you may have. I will respond when I get time. If there is a large number of the same question, I probably will add the question to the [FAQ's](#) to save time responding to the same question. So please frequent that link. Thank you all for choosing Concord FC!

CFC Handbook excerpt:

Welcome to the Concord Futbol Club (CFC). CFC was established with the purpose of providing competitive travel soccer experiences to the youth of Northern Chautauqua County and the surrounding communities. CFC is the travel branch of the Northern Chautauqua Soccer Association (NCSA). CFC provides an opportunity to teach, learn, develop, and display life skills. Individuals must give of themselves to make a team cohesive and successful. How a player reacts to positive and negative situations is the standard of measurement for both team and individual success. Players must realize that as a member of CFC they represent not only the soccer team, but also their parents, coaches, and community. Being a part of CFC is a demanding responsibility. It is the goal of CFC to provide a high quality developmental experience in a fun and safe manner for all the players participating in the program. As a volunteer organization, we look forward to your participation enabling our community's success as we compete with clubs across Western New York.

"First and foremost, I want the kids to enjoy and love the game. I believe the kids need to be good in sports and be physically fit. Skill development is also very important. I believe that win or loose both should be done with dignity and respect. Last, I do strive to make the kids better players, therefore, a better team, realizing winning isn't everything but it is an achievable goal.
